INCLUSIVE EDUCATION

FOCUS ON PROGRESS NOT THE PROCESS

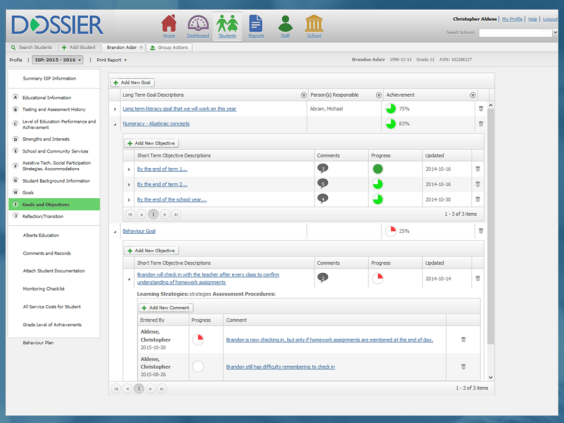
Dossier Inclusive Education optimizes the management and tracking of individualized Program and Education plans resulting in significant time savings and effective collaboration of resources.

FEATURES:

- Standardized IPP/IEP
- On-demand reporting and dashboards
- Tracking of services and costs
- Seamless integration to PowerSchool and other SIS
- Single sign-on

BENEFITS:

- Increased student success
- Time savings
- Improved collaboration between resources
- Visibility to trends, costs and results over time



EDUCATION ANALYTICS

BENCHMARKS & TRENDS

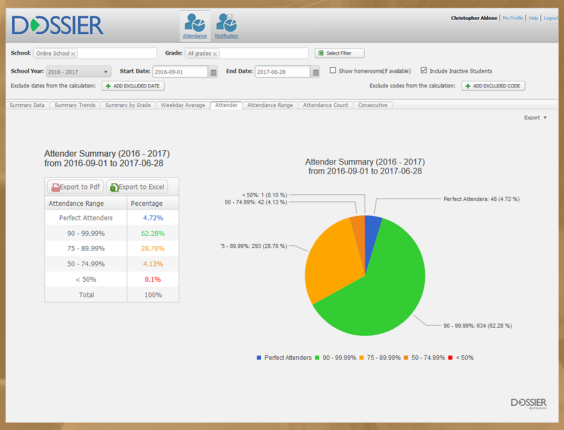
Dossier Education Analytics combines data from multiple disparate sources to deliver analysis on student achievement at multiple levels, provides comprehensive student profiles as well as exposes trends and possible correlations between factors.

FEATURES:

- Bring data together from multiple sources
- Capture information not stored in traditional SIS systems
- Multi-level views
- Flexible reporting

BENEFITS:

- Promote student success
- Make better decisions
- Better understanding of costs
- Improve reporting



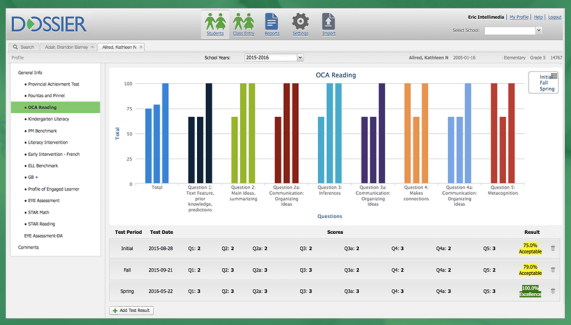
STUDENT LEARNER PROFILE

MEASURE STUDENT PERFORMANCE

Dossier Student Learner Profile (SLP) provides a powerful lens to the current and trending performance of individual students. Critical data from multiple sources are brought together to deliver a single view to all key indicators of student performance.

FEATURES:

- Display of individual assessment results
- Benchmark and trend analysis
- Integration with key SIS data
- Individual student dashboard

BENEFITS:


- Immediate view to student progress and profile
- Data-backed decision making regarding strategies to support individual student learning
